craft communities addresses the social groups old and new which have developed around craft production and consumption exploring the social and cultural impact of contemporary practices of making addressing a wide range of crafting practice from yarnbombs to shetlands shawls brassware to paper crafting in a variety of regional and national contexts the contributors consider how craft practices operate collectively in the home communities businesses workshops schools social enterprises and online it further identifies how social media has emerged as a key driver of the third wave of craft from

etsy to instagram twitter to pinterest online communities of the handmade are changing the way people buy and sell make and meet

digital convergence is redefining industries and putting information knowledge and collaboration at the heart of strategic leadership and management in the face of such change it is those leaders who can orchestrate a complex network of employees customers and suppliers in a single ongoing learning experience that will succeed exploring four learning roles for customers information acquirer explorer performer inventor and orchestrators conductor architect auctioneer promoter business orchestration provides a strategic view of how to harness digital convergence by mobilizing and integrating the resources of other companies to create business value

cognitive training is not always effective this is also the case for the form of cognitive training that this research topic focuses on prolonged performance on game like cognitive tasks the ultimate goal of this cognitive training is to improve ecologically valid target functions for example cognitive training should help children with adhd to stay focused at school or help older adults to manage the complexity of daily life however so far this goal has proven too ambitious transfer from trained to non trained tasks is not even guaranteed in a laboratory so there is a strong need for understanding how when and for how long cognitive training has effect which cognitive functions are amenable to game training for whom and how are there mediating factors for success such as motivation attention or age are the improvements real or can they be attributed to nonspecific factors such as outcome expectancy or demand characteristics are there better strategies to improve cognitive functions through game training this research topic of frontiers in human neuroscience charts current insights in the determinants of success of game training

moral rights principles practice and new technology addresses the role and challenges of moral rights in the environment of digital technology from both practical and theoretical channels including examples drawn from the legislation and practice of key jurisdictions around the world

it never seems like the right time to start a business the idea to start our own company first cropped up during one of our many beer and a board game sessions after work at our flat and when steve began writing reviews of board games for games puzzles magazine we all got even more interested in the idea so one day we did it was january 1975 since then games workshop has grown into a cornerstone of the uk gaming industry from the launch of dungeons and dragons from the back of a van to creating the fighting fantasy series co founders ian livingstone and steve jackson tell their remarkable story for the first time an initial order of only six copies was enough for games workshop to secure exclusive rights to sell dungeons and dragons in the whole of europe hobbyists themselves steve and ian s passion for the game soon spread and in 1977 they opened the first games workshop store they went on to become bestselling authors and created

an entirely new genre of interactive stories dice men is more than just the story of an iconic shop which has changed gaming for ever it s an insight into the birth of an industry games workshop has grown from its humble beginnings to become a global company listed on the london stock exchange a ftse 250 company with a market capitalisation of more than 3 5 billion dice men is the story of the rollercoaster early years
